**[CLICK HERE](#) to visit our website!**

**Special Guest  
Congressman Bill Posey**

The Central Florida STEM Education Council (CFSEC) was established on January 7, 2010. The mission is to serve as a single point of entry and a unified voice for STEM in the Central Florida region, bringing together industry, education, and the community to collaborate and improve and support STEM education. The Space Coast Chapter of WID is joining with CFSEC to establish a Space Coast STEM Education Council.
